## President's Corner

By Lee Cuevas

Wow! October was a really intense month. We had a Driver's Education at Musselmanns, a charity event at Kendra Scott, the 992 Reveal, and Phoenix Flight 42 Concours. I just came home from Flight 42 and it was sure nice to see Southern Arizona so well represented. About sixty Porsches entered and we had nine of them. Everyone from Tucson received a trophy -- six First Place awards, (of those, we had three Best of Division winners), two Second Place awards, and one Best of Display! The weather was perfect and the grass was almost green.

November is not going to slow down. This week we have our elections, then the rest of the month includes the Adopt-a-Roadway Clean-up, the weekend at Inde Motorsports Ranch, the PCA National Tech Tactics and the Annual President's Meeting. There are a lot of things to do until the

## Editor's Column

By Debi Norris

How can it be November already? It seems like Cinco de Mayo was just a few weeks ago yet now it is almost time for the Holiday Party. It must be because SAR has so many great activities keeping us all so busy!

Barb Crowley has submitted a very interesting article about the 356 Registry High Desert Holiday. Apparently this get-together happens every 10 years in Arizona with 356 enthusiasts from all over the country (no, all over the world!) getting together to celebrate that iconic Porsche model. Sounds like a great time!

Pat and I actually have a 356. What, you say? A 356? We've seen the Norris' drive the Cayenne lots of times and the 944 comes out on occasion, but never a 356. Well, it's true. We bought "Mimi" many years ago from a good friend of ours in San Diego. He originally planned to use her as a parts car while restoring his 356 but decided she was too nice of a car to part out and sold her to us. In pieces. Literally... "Mimi" has since sat in our shop, patiently waiting for Pat to have time to restore her. But, you know how life gets in the way – job changes, a move to Tucson, a 911 Racecar project - all excuses to let Mimi sit on the back burner. Well, Barb's article has inspired me. There will hopefully be another 356 Registry Holiday in Arizona in 2029. I'm convinced we are going to be there! After all, we have been to 12 Porsche Parades together. It's about time we went to the 356 Holiday, too. We've got 10 years to get this project finished. Now I just need to convince Pat...

Have a great month and hope to see you at the next event!

# Notes from a Newbie at the Musselman DE Event

Article by Pattie DeMartini – Photos by Jim Kendler

As a new member of the Southern Arizona Region of the Porsche Club, I was looking forward to my first event with SAR. I decided the Driver's Education event at Musselman would be good place to start.

My inner nervous self was awake at 3 AM on Sunday. Back were the butterflies in my stomach that I experienced 30 years ago at Laguna Seca. Doesn't that ever go away? I suppose it keeps one from becoming complacent about tossing your car around on a track. I was also apprehensive not knowing anyone. Well, no worries there. A great group of fun people greeted me and welcomed my husband and me into the conversations. How refreshing!!

Laguna Seca in Monterey, California was my rookie track. On that Friday evening long ago, I stood at start/finish, asking myself, "What have you gotten yourself

into?" Well, in the end, that weekend was way too much fun and I never stopped having the need for speed. Musselman is a totally different animal. At Laguna Seca you have time to think about the set-up of the next turn. At Musselman you need **instant** recall as to where you are and which way the next turn is taking you.

I managed to negotiate the track without screaming at my instructor, "Where am I?" Matt was very good at getting me to the apexes properly in a car I had not driven on the track before. (Sign of an excellent instructor.) Even though I have been driving track events since 1984, I asked for an instructor as I had not been on this track before. It would be silly not to take someone who knew where I was supposed to go. Not only is the track more fun than I could explain here, Musselman is quite a work-out mentally, and if you

don't have power steering, physically.

Kudos go to my instructor, Matt Morrison, for not only being an excellent instructor, but also for not complaining when he said I could go on my own and I said NO. He was my safety net! I was driving my street car, a Cayman S, on a track for the first time. Most of my track time has been in a 914-6 that my husband created; big motor, roll cage, big race tires. Didn't have to worry about agricultural driving (off-road excursions) with that car because the tires would save me. The Cayman S? Mmmm . . . She is the last Porsche I am going to purchase, and I didn't want to get her dirty! So, I carefully had a blast with my "Sapphire".

No article about a DE event should end without thanking the volunteers who make it possible for us to have fun with our toys. I want to thank all the instructors as well. It takes time out of your day of fun to help newbies have a great experience. All I had to worry about was getting to grid on time. It is all very much appreciated. Special thanks to the Kendlers for all the time they spent on making sure this event happened.

Great track, great weather, great people. At the end of the day, all I can say, is what a grand way to spend a day with your Porsche!

## Story and Photos By Barb Crowley – SAR Lifetime Member

Every ten years for the past four decades, the Arizona 356 Outlaws club has hosted an event called the 356 Registry Holiday. It is similar to national Porsche Parades in that there are tours, tech sessions, a goodie store, guest speakers, entertainment, a concours, a swap meet, parties, banquets, and lots of people sharing their stories about restoring, maintaining, and driving these little old air-cooled cars.

*Just a few of the 168 356s on display*

This year's "High Desert Holiday" event took place in Flagstaff where the city proclaimed that week as "Porsche 356 Week!" The weather gods were good to us in Flagstaff. It snowed the weekends before and after the festivities, but was in the 70s during the four-day event held October 2-6. The holiday was co-chaired by SAR member Steve Proctor, David Gill of Sedona, and Scott Evans of Phoenix. They, with their great team of hard working volunteers, put on a well-organized and enjoyable event. As Steve stated in his note to Arizona Outlaw members, "...it appears to have been a raging success if compliments from the attendees are any indication."

*Construction delay during Oak Creek Canyon tour  
(photo by Deb Evans)*

This High Desert Holiday was well attended by 356 Registry members from 28 states including Hawaii. The event sold out just three days after registration opened, which disappointed many. Steve was the event registrar and stated that the registration list included 212 Registrants and 176 Co-registrants. Most attendees drove their cars ... from all corners of the US. A few 356s were trailered. One hundred and sixty eight cars from three countries (Canada, Mexico and the United States) lined up in the parking lot of Little America for the People's Choice Concours held on a sunny Saturday. What a sight it was to see that many shimmering 356s together in one spot. Breathtaking.

*Cars Came from everywhere ...  
Did Kay's ride over on water?*

Other memorable highlights of the week included the Friday night reception, which consisted of a presentation on Native American culture and a special Hopi dance performance.

*Beautiful Hopi dancer*

The awards banquet capped off the Holiday. It featured a special guest speaker, Renee Brinkerhoff, who is a 56-year-old empty-nest mother turned auto-racing driver. Her Valkyrie Racing team is attempting to race her iconic 356 on all seven continents in six races for a combined total of 20,000 miles. Visit [www.racevalkyrie.com](http://www.racevalkyrie.com) for more about her quest. Visit [www.valkyriegives.org](http://www.valkyriegives.org) to learn about Valkyrie Gives, her charity that supports the fight against child trafficking.

*Story continued on page 14*

## 356 Registry High Desert *continued*

The concours awards were announced after the inspiring speech. Some SAR members received medallion awards: Larry Ashton took home 2<sup>nd</sup> Place in the Pre-A class; Jaimie Clark took 3<sup>rd</sup> in the “A Open” class; Randy Knuth in his Outlaw “Blau Grau” won a 2<sup>nd</sup> Place award; and Steve Proctor won 1<sup>st</sup> Place in his beautiful red Speedster. Congrats to you all. Just by being at this event meant we were all winners - so many memories to store away.

*Randy prepped for the People's Choice Concours*

We have now enjoyed the 1989, 1999, 2009, and 2019 Arizona 356 Registry Holidays in our little coupe, ‘SO OLD.’ She got us back to Tucson without issue ... eliciting grins and thumbs up from other drivers perched up in their SUVs. It brings a smile to my face to think of almost 200 tiny 356s and their stalwart inhabitants making their way back to their homes all over the continent. What an adventure each trip can be. Most of us own these 356s because we value *them* ... not their value. We treasure them ... their style, their simplicity, durability, drivability and most of all, we treasure the camaraderie of fellow owners.

# TIMELESS MACHINE

## The unveiling of the new 911

*“The new 911 is the sum of its predecessors – and is therefore a reflection of the past and a vision of the future. The silhouette: iconic. The design: timeless. The technology: inspired by great racing victories and always one step ahead. With the eighth generation of the 911, we’re driving into the future.”*

*The new 911 follows the pattern of previous Porsche updates -- it's a lot like the previous generation, but a little bigger, a little more luxurious, a little more powerful and a little more expensive. It's also way up on technology.”* PCNA

“Timeless” does define this newest version of the 911 that was premiered at North on October 19. On a perfect fall evening, Chapman’s Porsche of Tucson hosted club members to great food and beautiful Porsches. The turnout of Porsche enthusiasts was incredible ... with standing room only. Two classic 911s belonging to SAR members were also on display. SAR member Ed Kohark brought his white 2020 911 that he had just purchased. People thought it was a dealership car, so they jumped right in it to check it out. Thank you Ed, for allowing us access.

It seemed as if this new 2020 model was very popular because people continued to mill around and admire the display of Porsches longer than usual at these reveals. It was fun to listen to the music, get the low down about the cars from the dealership reps, and watch the videos. As always, it was great to gather socially with club members.

# Porsche Club of America Southern Arizona Region Adopt-a-Roadway Event - Winter 2019

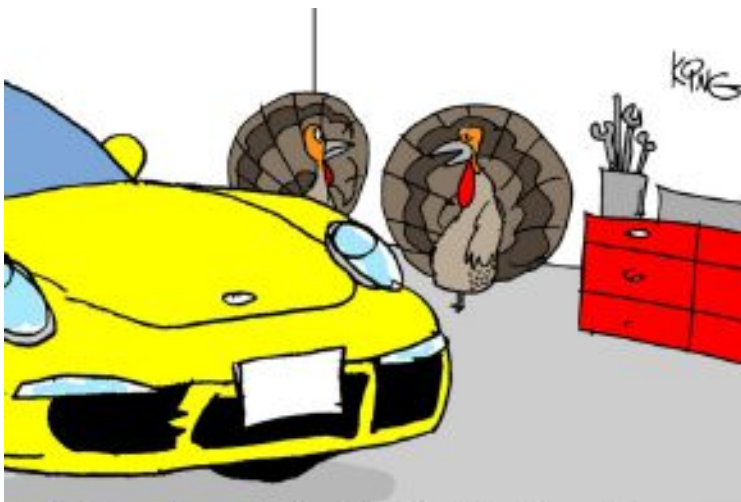

By Lon Reeder – Community Service Chair

Time to mark your calendars for Saturday morning, November 9<sup>th</sup>, because it's time for our club's semi-annual Community Service event. For many years our club has been committed to the Adopt-a-Roadway program as a very effective means of demonstrating our continued support to our community. The Adopt-a-Roadway program is part of the nationwide effort of sponsorship designed to help beautify our roadways by facilitating trash removal and saving the taxpayers of Pima County approximately \$250 per mile cleaned. This translates into thousands of dollars saved. Signage along our portion of Orange Grove Road clearly recognizes PCA-SAR's sponsorship.

This is a fun and not too strenuous task that will take about two hours of your time and will make you feel good about your participation in helping clean up our community. We would certainly appreciate lots of volunteers for this civic-oriented event. I highly recommend the Adopt-a-Roadway program as a fine community service event, not too labor intensive, and another perfect opportunity to get together with friends and our special cars.

The temperature should be perfect for our outdoor activity. We will meet at 8 AM at Beyond Bread on the southeast corner of Ina Road and Oracle Road for coffee and pastries provided by the club before the cleanup. Arizona Department of Transportation requires that we wear hard-soled, closed-toe shoes (no sandals) and comfortable clothing. Gloves and hats are recommended. Cold water, safety vests and bags for the cleanup will be provided. We hope to see you there.
